Additional Comments for Skaters and Parents:

Related experience and education:

Certified Ski Instructor since 1995

Master's Degree in Library and Information Science

Master's Degree in Education

State of Ohio Teaching Certificate and Experienced Classroom Teacher

I have been involved with figure skating since starting as a young skater at the KSU ice arena in the 1980's. Along with coaching figure skating and ski instructing, I was a teacher for Kent City Schools for over 12 years, with experience teaching technology/media, science, and special education. I am thankful for the opportunity to coach and help others achieve their skating goals.
